WELCOME TO THE 27TH SEASON OF MUSIC WITH THE NORTHWEST SINFONIETTA!

Our third season under the Artistic Partner leadership model brings a wide range of stories to audiences around the region. From the opening simplicity of Barber's *Knoxville* to the joyous celebration of life in Copland's *Appalachian Spring*, this season covers some of the greatest works for chamber orchestra. Each concert will leave you captivated and inspired with stories from the paintings of the Renaissance to the events leading up to World War II.

This season also marks the first of our musician-led programs, highlighting the depth of talent of our Sinfonietta members. Three programs take place in different cities and introduce intimate new venues including the Triple Door (Seattle), Courthouse Ballroom (Tacoma), and the stunning Chapel at Bastyr University (Kenmore). Subscribers receive one such concert, with the chance to add more at a discounted rate.

So take a moment today and select three or five concerts. Save money over single ticket prices, and secure your seat for stellar evenings of music in the months to come. The Sinfonietta is such a unique ensemble—in the power of our musicians, the diversity of programming and conductors, and the communities we serve.

Come take part in a season of stories with the Northwest's premier professional chamber orchestra!
